Wyoming	1,964	\$204.3 M	\$119 M	\$234 M	3,400	25,900
U.S. Total	1,858,629	\$247 B	\$43.4 B	\$221 B	3,035,100	20,215,400

¹ The number of seniors who reside in senior living (including assisted living, memory care, independent living, and continuing care) communities.

² The total value of direct spending as well as the indirect and induced spending associated with assisted living operations.

³ The amount of spending incurred by Medicaid if assisted living were not an option (assumes 61% of seniors would be forced to skilled nursing facilities (SNFs)).

⁴ Assisted living allows more family members to remain in the workforce, reducing lost productivity and absenteeism (\$43.9 B direct impact, \$221 B lost productivity).

⁵ The total number of assisted living workers across, across all occupations, that will be needed by the year 2040.

⁶ The total number of long-term care workers, across all occupations, that will be needed by the year 2040.

STATE OF ASSISTED LIVING

It's a Fact!

Alabama	Alzheimer's disease is the sixth leading cause of death in AL with 54.2 deaths per 100,000 people in 2019.
Alaska	Most rapidly aging state in the U.S. The older population increased by 65.6% between 2006 and 2016.
Arizona	Fourth fastest aging nation, with a 50% increase in the past decade.
Arkansas	State with fast aging population. 31.5% of population in Mountain Home, Arkansas are seniors.
California	Largest number of seniors in the nation.
Colorado	One of the fastest aging states in the nation, with a 55% increase in the past 10 years.
Connecticut	The 7th oldest state in the nation.
Delaware	The third fastest aging state in the nation.
Florida	Highest percentage of seniors in the nation. By 2040, more than 25% of Florida's population will be over 65.
Georgia	The 6th fastest aging state, with a 49.4% increase over the past decade.
Hawaii	One of the fastest aging states in the nation
Idaho	The 7th fastest aging state, with a 48.7% increase in the past decade.
Illinois	Nearly two million seniors (the 6th highest in the nation).
Indiana	By 2030, one out of every five people living in Indiana will be a senior citizen, a 46% increase.
Iowa	86.9% of registered Iowans age 65 and older voted in the 2020 general election (28% of all votes cast).
Kansas	22.2% of the population is 60 or older. 55,000 Kansans suffer from Alzheimer's disease.
Kentucky	More than 1.6 million are 50 or older (more than 36% of the population in Kentucky).
Louisiana	35% of the state qualifies for a senior discount.
Maine	Maine is the fastest aging state in the U.S. and has the second highest percentage of seniors in the nation.
Maryland	23% are age 60 or older; minorities composed 49% of the State's low-income older adult population.
Massachusetts	By 2030, 1 in five residents will be 65 or older. Those age 85+ are growing the fastest.
Michigan	A top ten state of senior population with nearly 1.7 million seniors.
Minnesota	In 5 years, there will be one older adult for every three working age adults. A decade ago, that ratio was 1:5.
Mississippi	25.3 percent will be 60 and older by the year 2030, an increase of almost 39 percent from 2012.
Missouri	By 2030, one in four Missourians will be over 60.
Montana	One of the fastest aging states in the nation. 18.2% of the population is 65 or older.
Nebraska	By 2030, one in five Nebraskans will be over 60.
Nevada	Second fastest aging population in the nation, with a 57.3% increase in the decade ending in 2016.
New Hampshire	Fourth fastest aging state in the nation
New Jersey	By 2029, New Jersey's 60+ population will be 2.99 million, an increase of nearly a million from 2019.
New Mexico	One of the fastest aging states in the nation.
New York	The fourth highest number of seniors in the nation.
North Carolina	8th in population 65 or older.
North Dakota	Nearly 30 percent of residents will be over age 60 by the year 2030, an increase of 41% percent from 2012.
Ohio	Nearly 2 million seniors, the 7th highest senior population in the nation.
Oklahoma	By 2030, the population of older adults will increase by 21.3% and seniors will outnumber children.
Oregon	Fast aging population: 33.1% of the population in Brookings, Oregon is 65 or older.
Pennsylvania	One of the fastest aging states in the nation (18.2% of population 65 or older).
Rhode Island	More than 240,000 residents are age 60 or older (23% of the population).
South Carolina	5th fastest aging states in the nation (49.5% increase over the past decade)
South Dakota	More than 27% of residents will be over age 60 by the year 2030, an increase of 38% percent from 2012.
Tennessee	38% of adults 60 and older in Tennessee live with a disability.
Texas	The third highest number of seniors in the nation (behind California and Florida).
Utah	The 9th fastest aging state in the nation with a 44.8% increase in a decade.
Vermont	the second fastest aging state in the U.S., with 18.8% of the population age 65 or older.
Virginia	Nearly 24% of residents will be 60 and older by the year 2030, an increase of 30 percent from 2012.
Washington	The 8th fastest aging state in the nation with a 47.2% increase in the last decade.
West Virginia	One of the fastest aging states in the nation. 19.4% of the population is 65 or older.
Wisconsin	The 16th highest percentage of seniors, up from 25th in 2010.
Wyoming	One of the fastest aging states in the nation.
