

# THE VALUE OF ASSISTED LIVING

## WHAT IS ASSISTED LIVING?

Assisted living is a cost-effective long-term care (LTC) model, providing 24-hour care. Residents live in individual apartment homes and share caregivers.

## ASSISTED LIVING IS THE MOST AFFORDABLE CHOICE OF SENIOR CARE

\* A home health aide costs an average of \$5,148 for 44-hours per week of care; for comparable 24/7 care, a home health aide costs an average of \$19,656. Neither of these amounts include the cost of housing or meals.

## SOLUTION

**ASSISTED LIVING IS AN IMPORTANT COST-EFFECTIVE SOLUTION FOR CARING FOR SENIORS. TO KEEP IT VIABLE CONGRESS MUST:**

- ▶ Increase investments in workforce development including existing federal recruitment, training, and retainment programs, and engaging foreign-born workers.
- ▶ Increase access and affordability of assisted living so more Americans can plan and meet their caregiving needs.
